

RPUMC Inclement Weather Interim Policy

In the event of Inclement Weather (snow, ice, hurricane or tornado warning, etc.), cancellation of Sunday Worship service will be determined by the Pastor.

A message will be recorded on the church phone answering system as early as possible but before 8 A.M. Sunday morning to convey the status of the church service cancellation due to inclement weather.

If the Governor declares a State of Emergency in Delaware that includes a driving ban, the church will be closed so as not to go against State laws.

Please watch the weather closely during the winter months so that even if the church is open on any particular Sunday or for any special event, you can make an informed decision about your own personal travel situation or transportation options.

Remember, God will forgive you for missing a Sunday so that you can remain safe and attend church next week!
